

Pupil Voice Visit July 23

Children were asked how they felt about school and made the following comments:

My behaviour is better since I came here. I used to hide under tables at my last school. It's nice here and safe. I have learnt not to bottle things up. I used to think people were watching me which made me anxious.

I used to runaway before I came here and I'm not restrained like I was before. Teachers treat me with respect and I have learnt to respect them.

I can do lots of Art and that helps me to feel calm.

It is a safe and relaxing environment so its easy to learn.

My handwriting is much better now.

My parents are happy and are proud of me.

I needed help to control my anger, I used to damage things and I sort of enjoy school now

I like football and playtimes
